Spring migration has begun! If you want to get outside and go birding with Audubon, we have many free walks coming up in May. You must register because group size is limited. Check out the Audubon calendar on www.asri.org

Hawks & Hoots is coming up on Saturday, May 15 at the Nature Center & Aquarium in Bristol. Register to meet Audubon's hawks and owls in a safe outdoor setting.

"The Crow is very important to northern people in the Americas. We fell an affinity to the one bird we see regularly all winter if we happen to live where they gather. Crows also have a joyous flight pattern and do more loops and turns for no apparent purpose. This slow-motion video catches the North Burial Ground Crow flock as it takes to the air."

--Greg Gerritt, National Wildlife Federation Representative, ECRI

Voices of The Earth:
The Future of Our Planet
Volumes I and II

Sample of Poetry from Volume I:

Tomorrow

Like a starfish
Tucked safely in the soft sands
Lying there amidst summer's mirth
There's a star
Hidden inside all of us
Longing for us
To take the time
To feel its touch
And to nurture
Its iridescent glow
Like fireflies
We long to
Synchronize our flicker
Into one vibrant flare
Radiating boundlessly
In the gentle breeze of tomorrow

2021 Climate Literacy Act S-464/H-5625.

Notable Works is proud to be an organizational member of both Environment Council of Rhode Island (ECRI) and the Rhode Island Environmental Association <http://riea.org> and very much join them in their support of this key legislation, which is designed to help ensure that all students attending public schools become more environmentally and climate literate. We hope you might consider joining these efforts by contacting your state senators and representatives and voicing your support for this bill.
